

```
var alpha = "mpevorkr"  
var S1 = "";  
var S2 = "";
```

```
for (var index = 0; index < alpha.length;  
    index++) {  
    if (index % 2 == 0) {  
        S1 = S1 + alpha.substr(index, 1);  
    } else {  
        S2 = S2 + alpha.substr(index, 1);  
    }  
}  
console.log(S1 + S2);
```

~~M P E V O R K~~
position 1 — Then index ++ means
increment by 1 —

S1 M E O W
S2 P U R K
~~S1~~
~~S2~~
